JANUARY 2012 LIST

See inside for valid dates

Dear Customer

First of all, all of us at Europadisc would like to wish you all a very Happy New Year! We hope that 2012 proves to be an enjoyable year for all. We are certainly looking forward to seeing what new recordings and talents emerge over the next few months and will strive to continue offering the best service we possibly can to all of our customers. Being a new year, we thought it was a good time to have a New Year Sale - not something we always do! Therefore, on pp. 10-20 of this list, you will find hundreds of titles reduced from various different labels, with some really fantastic discounts. See especially the bargain Brilliant Classics boxsets reduced even further on p. 10 and some clearance titles from Chandos on p. 13. Other special offers starting this month are Naxos (see the note on p. 2), BIS, Onyx, Delphian & DVDs from Tony Palmer.

New releases for January include the eagerly anticipated debut recital from soprano Aleksandra Kurzak (Decca, p. 3), a beautiful disc of Slavic arias from Polish baritone, Mariusz Kwiecen (Harmonia Mundi, p. 3), a new recording of the Tchaikovsky Violin Concerto from James Ehnes (Onyx, p. 3) plus of course the **New Year's Concert** from Vienna (Sony, p. 4).

In the past, our new release listings have always been ordered in a slightly random fashion. Over pp. 2-4 of this mailout you will find our more popular labels, but from p. 5 the labels are now listed alphabetically. Historical recordings are still separated and begin on p. 8. We hope this makes navigation of the list a little easier.

Best regards as always,
The Europadisc Team

Naxos - 25% off all titles throughout January and February

Naxos Price Increase

Having held their price at a super-budget level for several years now, Naxos have sadly had to introduce an increase in the price of all their single and double CDs from 1st January 2012. This means that the new standard price (from ourselves) will now be £6.95 for single discs and £11.95 for double discs. All other prices remain the same.

To help ease the initial pain of this increase, we have arranged a discount of 25% off these new prices (and all other titles in their catalogue) until 24th February 2011. This makes single CDs just £5.21 and double CDs £8.96 throughout this period.

A 2012 Naxos Catalogue should have been enclosed with this mailout for your perusal. Please note that this is an **international catalogue and inclusion within it does not necessarily guarantee availability in the UK. Don't hesitate to call us** should you like to check availability or have any other questions.

A general guide to the special offer prices: 1CD - £5.21; 2CD set - £8.96; 3CD set - £10.69; other sets individually priced.

478 3566 Mercury Living Presence - **Collector's Edition Boxset** - 50CDs - £89.95

Mercury Living Presence is special in many ways - an American company, from the heyday of classical recording in the United States that reproduced some of the most sonically realistic recordings at the dawn of the stereo era. Precious few stereo LPs were pressed when these recordings were issued, and they became some of the rarest, most collectible classical discs ever.

Mercury Living Presence continues to enjoy a special reputation as one of the most enterprising, prestigious and sonically-spectacular labels in the history of classical recording. Some of these recordings have been available on CD and on SACD. However, many are now deleted and only available secondhand or through auction sellers at premium prices. This 50-album box set (plus bonus interview CD with Wilma Cozart Fine, Mercury's producer) affords collectors an opportunity to acquire 50 classic recordings at a terrific price, in a box which may well become collectible itself.

Contains recordings from Kubelik, Hanson, Dorati, Paray, Janis, Romero, Starker, Szeryng, Bachauer and more.
