

MAY 2012 LIST

See inside for valid dates

Dear Customer

Welcome to our May catalogue! Inside you will find the usual crop of new releases (plenty this month) plus many back catalogue titles at great prices.

Exciting new issues for May include a new recital from Magdalena Kozena entitled *Love and Longing*, in which she performs orchestral songs by Dvorak, Mahler and Ravel, accompanied by Sir Simon Rattle. Rattle also features on a brand new recording of Bruckner 9 from EMI, available at just £10.95 for a limited period. There are two Britten releases worth pointing out: Mark Padmore performing the *Serenade and Nocturne on Harmonia Mundi*, plus a live rendition of the *War Requiem* from LSO Live. **The Halle's issue of *Die Walkure*** also looks to go down well, following on from the highly rated *Gotterdammerung* last year.

We have several new special offer bargains to present: 25% off Naxos in celebration of their 25th anniversary; Double Deccas from just £5.50 each; ASV titles at low prices; Karajan recordings from EMI with big reductions and much much more. Other label promotions include Profil, Dacapo, NMC and Doremi, covering a wide range of both recent and historical recordings.

Finally, for those of you who are very organised, we are currently offering 35% off a large chunk of the Hyperion catalogue. However, this is only available for the first week of this catalogue and orders must be with us by 5pm on Friday 4th May. See the back of this catalogue for full details. Sorry it has to be so short, but we thought some of you may like to take advantage!

Best regards as always from
The Europadisc Team

RES 2012 Angela Gheorghiu and Maria Callas - **LIMITED EDITION EP (7" VINYL)** - £9.95

Bizet *Habanera* from *Carmen* (duet between Gheorghiu/Callas)
Catalani *Ebben? Ne andro lontana* from *La Wally* (Gheorghiu)
Puccini *O mio babbino caro* from *Gianni Schicci* (Callas)
Puccini *Vissi d'arte* from *Tosca* (Callas)

Packaged using the established mid-50's HMV bag design together with the legendary 'celebrity red' classical label, this limited edition EP is the first commercial Maria Callas 45rpm EP released by EMI since the mid 60's, and the very first such release on this format from Angela Gheorghiu, ever. The great diva of the last century joins the great diva of this century to record Bizet's Habanera in a special duet version. The orchestral accompaniment was painstakingly stripped away from Callas' 1961 recording using Cedar Retouch Technology, leaving just Callas's voice. The players of the Royal Philharmonic Orchestra then recorded a new accompaniment. Gheorghiu then performed to this accompaniment and finally the two singers were spliced in, sometimes in unison and sometimes apart.

We have just 10 copies of this very special EP available on a first come, first served basis.
