Dear Customer

Welcome to our new list - and may we wish you a Happy New Year and with it the hope for an exciting and imaginative classical year!

You will notice that, along with the more mainstream label offers, we are now regularly introducing newer and unusual labels at a reduction. There is much to savour from these innovative labels who are injecting new life-blood into an increasingly static market. Whilst the featured artists may not be quite the household names of the major labels, they often present a fresh and original view of familiar repertoire.

Furthermore, they are also not afraid to experiment with ignored yet valuable works, all of which enriches the catalogue and our listening experience.

So, this month, you will find inside offers from 3 such labels which we can recommend highly - ZigZag Territoires, Piano21 and MDG. In addition, we have reduced hundreds of slim double sets from DG, Decca, Philips, EMI & Virgin - great performances at great prices.

Our New Release offering this month contains some gems you might wish to familiarise yourself with, in particular the Foulds Requiem on Chandos, the Melcer Piano Concertos on Hyperion, and the Tony Palmer film on the life of Ralph Vaughan Williams. Thank you for your support during 2007 and we look forward to continuing to supply your requirements, either via this list or our website.

Mark, Richard & Mike

From January 1st 2008, we will no longer be accepting payment by American Express.
