

AUGUST 2008 LIST

See inside for valid dates

Dear Customer

The much publicised Credit Crunch is affecting the buying habits of many at the moment. None of us is immune to the effects of the economic conditions we are currently experiencing, not helped of course by the knock-on effects of worldwide fuel price increases.

With this in mind, we offer this month a number of lower priced yet high quality CD and DVD label special offers, reductions which we hope will help make the money go further.

In particular, the re-issue Harmonia Mundi 'Musique d'abord' label is packed with delights at only £4.50 per disc, as is the Gala label with leading names and outstanding performances. We also have more reductions on the popular Brilliant label which features, in the main, re-issued recordings originally to be found on the major record labels.

Also this month, we have gained access to a number of overstock titles which we can offer at huge reductions but only as long as stocks last. Don't miss these!

August on the new release front is always thin on the ground, so the emphasis is on re-presenting older material; Oistrakh, Fischer-Dieskau and Argerich on DG, Janet Baker on Decca, Oistrakh (again) and Rattle on EMI, Jarvi's Prokofiev on Chandos and Gustaf Leonhardt on Warner Classics. Recycling maybe, but all performers and performances of real quality.

Enjoy the list and happy hunting!

Mark, Richard & Mike
