See inside for valid dates

### *Dear Customer*

Welcome to our first list of 2009 with which we are delighted to include a copy of the new NAXOS catalogue. We are aware that many of you are keen to add to your collection of Naxos recordings and the special price of just £4.00 per disc will provide just the excuse you need. Please note that this is a worldwide catalogue and some titles may be unobtainable in the UK in which case we will inform you on the paperwork.

For Karajan fans, there is an opportunity to pre-order a newly compiled *Symphony Edition* on 38 CDs, due on the 9th February featuring his famed symphonic cycles in one box. Also available for pre-order are the outstanding landmark recordings of Haydn Symphonies with Dorati, at last reduced to a very attractive price - but be quick, this is a limited edition pressing.

As usual, along with the featured new releases, we offer a number of labels at reduced price. We are able to bring you all the titles now available again from the Sanctuary stable, ie ASV, Gaudeamus & Black Box, along with the Svetlanov Edition and a fascinating label from Norway, 2L. Take a look also at the Haenssler recordings containing a breadth and quality of works and artists which may surprise you.

Historically speaking, there is the complete Walhall label of excellent recordings and the whole of the much-loved Lyrita catalogue championing British composers.

We hope you will find much to enjoy.

Mark, Richard & Mike

**2L label – normally £12.75 each, now only £11.25 each** (except where stated)

Norway is blessed with many churches and cathedrals and most of 2L's recordings are made in these wonderful spaces. The music captured by 2L features Norwegian composers and performers, and an international repertoire reflected in the Nordic atmosphere. The traditional way to illuminate and enhance an identity is to define the borders to operate within. This Norwegian label has chosen a different path as the products are developed without fences, originating from classical European art music and traditional folk music, recognizing the fundamental values of musical performances and excellent sound production.
