

JULY 2008 LIST

See inside for valid dates

Dear Customer

July is traditionally a month when the record companies reduce their output and re-charge the batteries ready for the Autumn onslaught. Accordingly, few of the big guns make an appearance, but those that do are well worth a listen.

The remarkable - in terms of quality & price - LSO Live series continues with Colin Davis' latest and well reviewed 'Child of our Time' recording whilst Jansons new Stravinsky disc on RCO Live with the Concertgebouw promises an exciting experience.

The outstanding release is probably the long-awaited 'lost' Goodall 'Meistersingers' performance, live from Sadlers Wells in February 1968. This long awaited release has been unearthed from the BBC Radio archives and re-mastered on the Chandos Opera in English series. Not to be missed.

For fans of Paul Robeson, a new 7CD set from EMI with 170 tracks originally on the HMV label, recorded 1928-1939, will prove a treasure trove. Spirituals, British folk songs, plantation & popular tunes, art songs & show numbers are all included.

As you would expect, we feature a number of special reductions on leading labels to help make the money go further. Don't miss EMI Classics for Pleasure, Gemini & British Composers, Virgin Veritas, Somm, Regent, Carus, Alia Vox, Warner Opera boxes & TDK DVDs. Something for everyone, we hope.

Enjoy the list & as always, thank you for your business.

Mark, Richard & Mike
