Dear Customer

We celebrate the coming of Summer (in the Northern Hemisphere) with a host of new titles and special offers, all at our usual low prices designed to make your budget go further...

The opportunities this month on the special promotions front are many. You will find almost the whole of the **Chandos** catalogue reduced and available as a multibuy for further savings, all **Regis** and **Onyx** titles available at lowered prices, as well as **ECM New Series**. For the first time in our memory, we offer all the **Guild** labels at a reduction including the whole of their Historical, Light Music and Mainstream titles.

For **DVD** collectors, we have strictly limited quantities of **DG, Decca and Philips Classics** recordings at very low clearance prices.

Highlights of this month's new releases include a new choral album from **The Sixteen** with **Christophers** on Universal (they also appear on their own **CORO** label), and a **Chopin** album from Maria Joao **Pires** on **DG**, her first new recording for 5 years. **Matthias Goerne** brings us Die schone Mullerin on **Harmonia Mundi**

Evgeny Kissin brings us **Prokofiev** Concertos on **EMI** and **Steven Osborne** continues his superb series on **Hyperion** with **Rachmaninov** Preludes.

Richter and **Casals** fans will be delighted with the retrospective sets on **DG** and **EMI** respectively, and **Sony** have released 2 further 'Original Jacket Collections' featuring **Horowitz & Rubinstein**.

Our best wishes and thanks for your continued custom.

Mark, Richard & Mike.

3D Secure Payments - Mastercard and Visa

Europadisc takes the security of customer credit/debit card details very seriously and we wish to inform you that this month we will be implementing an even higher level of security for payments made through our website.

Very soon, customers who use cards enrolled in either the *MasterCard SecureCode* or *Verified by Visa* schemes will be required to enter an additional password (agreed with your card provider) when placing orders through the checkout on our website. This will authorise the payment with your bank or credit card company immediately, although the money will not actually be taken until the items are ready for despatch.

Orders received by phone, fax, post or email will **not** require this password, so we are able to continue processing these orders in the usual fashion.

Please note that with this new level of security, we cannot store card details on our own server, even if requested to do so. Card numbers will need to be given afresh with each new order and also with any additions to orders that you may wish to place.

We apologise for any inconvenience that this may cause, but we hope that it will enable us to improve our levels of security and offer you the continued assurance that all payment details are safe when dealing with us.

The 'Copenhagen Ring' on Decca*The celebrated, critically-acclaimed production at the Royal Danish Opera, came to be known as the Copenhagen Ring.**Striking, memorable and controversial staging by Kasper Bech Holten. The action, experienced as an extended flashback, presents Wagner's epic as a family saga from a feminist perspective. The production is visually stunning, disturbing and at times explicit.**Now available as single operas.*
