

NOVEMBER 2009 LIST

See inside for valid dates

Dear Customer

In compiling this month's list, we have borne in mind not only the usual cascade of Autumn new releases and re-issues but also the soon to be upon us Christmas season. You will find therefore a bumper selection of special offer label reductions and box set promotions designed to provide both for presents for lucky others (and oneself!) and also the lengthening nights when extended listening becomes more appealing.

November's highlights include the new much-heralded **Bryn Terfel** album on **DG** entitled 'Bad Boys', the **Alfred Brendel** Farewell Concerts on **Decca**, **Joyce DiDonato** singing **Rossini** and the **Belcea Quartet** performing sublime **Schubert** on **EMI**.

As always, **Hyperion** bring variety to their recordings including **Schumann** with the **Takacs Quartet**, **Stephen Layton's** well regarded **Polyphony** with **Handel's Messiah**, the **Stenhammer Piano Concertos** with **Seta Tanyel** and the **Bowen Piano Sonatas** with **Danny Driver** - all at specially reduced prices. A real bonus is the re-release, in a bargain 10CD set, of English Polyphony to celebrate the 30th Anniversary of **The Sixteen** and **Harry Christophers**.

We also have a further **Bach** release to savour on **SDG** with **Gardiner**, along with **Imogen Cooper** performing more **Schubert** on the **Avie** label. A feast indeed!

On page 26 we have included a resume of all the offers we are currently running, and a long list it is too. The limited space available in our paper lists restricts the number of titles we can include in print, so for full details of every offer title, please refer to our website.

Enjoy the list!
